News and Views

Vol. IX, No. 6

July, 1961

Since the last News & Views was edited we had a most successful Iris Show, the report of which has taken a long time to reach you. During the summer we publish only one News & Views and I wanted it to cover both the Show and to bring you news of the next event which will be the Annual Iris Auction.

The Auction will be held August 10, 1961, at the Southtown Branch of the Y.M.C.A. at 1845 E. Lake St., Minneapolis, at 7:30 P.M. This promises to be a most exciting and profitable event for all those who take part. It will be a wonderful chance to acquire those irises you want at reduced prices — bring your friends and publicize this event. Mr. Gable, the auction chairman, reports a very good response from growers and we should have some of those "new" things you want. This is also the time that all of those of you who received credit slips as prizes for placing in the Iris Show may use them as cash in any transaction.

We would appreciate donations of iris rhizomes or other plant material from anyone who has an excess, just be sure you know the name and label carefully. The older varieties will be used for collections and the newer ones will be sold individually.

Those who have rhizomes to donate but cannot attend the auction may bring the rhizomes to Mr. Gable at 2543 38th Ave. S., Mpls. any time prior to the auction. If you bring rhizomes direct to the auction, please label with name of variety and retail price and color if possible.

Mr. Gable is looking for a lot of help from the men of the Society on Tuesday and Wednesday evenings prior to the auction to label the rhizomes. If you can help either of these evenings, please call him at PA. 9-8855.

This is our one money-making project of the year — let's make it a bang-up success !! Oh, yes, coffee and refreshments served — so come and bring everyone interested in purchasing iris rhizomes !!

THURSDAY — 7:30 P.M. — AUGUST 10th — Y.M.C.A. — 1845 E. LAKE STREET.

Memo from the Program Chairman ...

Although our next regular meeting will not be held until September 28, we are going to need some preliminary cooperation from our membership in order to make it as successful as possible. As everyone knows, our theme for the year has been hybridizing, and all of our members have been urged to participate. The program at our September meeting will be conducted by Mrs. Tom D. Wright, our Hybridizing Chairman, and will consist of a summary and report on the results obtained this year.

While Mrs. Wright has spearheaded this program, it has been a project of the entire society with a number of individual growers working separately. Now she needs to know what we have been doing in order to evaluate and organize the available information. All members who carried on any hybridizing activities are asked to send a card or letter

to Mrs. Wright at 10051 Brookside Avenue, Mpls. 20, giving her the following information:

Germination & growth of seeds from last year's crosses.

Number of seedlings that bloomed this year, with comments on any particularly promising ones.

Number of seedlings expected to bloom next year.

Number of successful crosses made this year, with comments on any of particular interest. (Examples: success with especially reluctant pod or pollen parents; crosses with definite purposes in mind; specialized interests and activities with particular types and classes; etc.)

Any other comments and observations that might be of interest to the other members.

... G. F. Hanson
